

Diver's Bike Ride

Please join us for a Bike Ride on Friday, May 7th 2010. We are trying to take advantage of the Diver's Working Diver's Conference, Diver's Reunion and the ADS Warrior expo and get as many divers and friends together for a beautiful ride through San Diego.

Everyone will be meeting at Kearney Mesa San Diego Harley at 0900 so we can leave for the ride by 1000. Our route will last about 6 hours including a lunch stop. For all the out of towners that would like to rent and ride we have two places to rent Harleys for the day. These are the two links to reserve your bikes.

San Diego Harley has about 10 Bikes available as of right now and must reserve the bikes.

Biggs Harley has about 8 bikes they rent out and suggest at least a couple weeks notice to reserve them because May 7th is starting to get into the busy season. The bikes go for \$100 for a one day rental (pickup in morning/drop off in evening) and he would give a 10-15% discount.
